### Section 2. Commander's Recommendations and Lessons Learned.

#### 1. (U) Personnel Allocations.

a. Item: Lack of authorized personnel spaces continues  
to be a problem.

#### b. Discussion:

(1) A letter from this headquarters, dated 23 May  
1966, was forwarded to 44th Medical Brigade requesting an MTOE of the  
Hq and Hq Det, 43d Medical Group. The MTOE was a request for an in-  
crease of eight (8) enlisted spaces. Of particular importance to this  
command are the requested spaces, two (2) medical records Specialists  
(MOS 71G) and six (6) radio operators (MOS C5B). Action on this  
request is pending.

c. Recommendation: That the MTOE as submitted be approved.

1. (U) This unit was operational during the entire period covered by the basic report.

2. (U) Reference Section 2, paragraph 1. b., basic report. It is felt that the requirement for two (2) Medical Records Specialists (71C) positions requested in the MTOE submitted 23 May 1966 no longer exists. At that time, all medical records and reports from subordinate units were forwarded to Medical Group headquarters for collation prior to being forwarded to higher headquarters. Under present conditions, all Hospitals, Clearing Companies, and Dispensaries forward all medical records and reports directly to the new Central Medical Records Agency at Headquarters, USARV. There is no anticipated change in the current system within the foreseeable future.

3. (U) Concur with all other provisions of the basic report, but do not concur with the recommendation of the Medical Group Commander for reasons stated in paragraph 2, above.
